Yeah David thought we had RS money if we had to use it, but said we have like 5 mil in RV. He was wondering if we'd have to wait for reprogramming or whether we have some that could be utilized as RS now. Does that make sense?

Hi Joni it looks like the removal support funds do not have sufficient funds based on expenditures and projections.

I can check with Laura on the Removal Budget because she has the detailed spreadsheet with sites and etc. Do you want me to check with her?

Hi Mandi – Do we have removal dollars (RV) that have an appropriation to also be used for RS to fund the 200k below Steve is asking for. David mentioned we are really low on RS funding so he wanted me to ck w/you first.

Joni – Attached is my IGCE for the work planned this season. The increase request is for an additional \$200K to combine with the remaining \$189K in the TO. My estimate with contingency is \$470 K. This funding level was previously agreed to by David and Laura this spring.

Thanks,

Steve
